RE: #ZMA-2024-02

REQUEST: Zoning Map Amendment to reclassify approximately 2.9922 acres from a Class A-3 (Riverfront & Ag Production) to a Class C-2 (General Commercial)

LOCATION: Crescent Township
Old Mormon Bridge Road

27-76-44 PT G/L 3 SE NW & NE SW COMM 39.23'N & 511.40'NE & 22'SE & 909.90'NE & 70.22'S OF W1/4 COR OF SECT 27 TH S125.29' E269.91' S370.96' NW96.21' N63.72' W173.59' S366.13' NE319.17' N765.12' SW308.73' TO POB (PARCEL 23013)

The subject property is located approximately 1 mile west of the city limits of Council Bluffs on Old Mormon Bridge Road.

PROPERTY OWNER: Charles – Roseanne Newcomb

GENERAL INFORMATION: The applicant has requested that approximately 2.9922 acres, which are currently zoned A-3 (River Front & Agricultural Production) District, be rezoned to C-2 (General Commercial). **The following is the applicants' submittal:**

We are asking to rezone parcel #23013 of our property at 15267 Old Mormon Bridge Road, Crescent, Ia. 51526 to Class C-2 District. We would like to have a temporary fireworks tent on the north end of the property. And possible inside only, storage rental in existing building on the south end of the property.

Charles S., Rosanne Newcomb

3-7-24 Rosanne Newcomb

3-7-24 Chuck Newcomb

SITE & AREA REVIEW: The properties in the immediate area are a mixture of agricultural ground, industrial and commercial properties. The I-680 I-29 interchange is in close proximity.

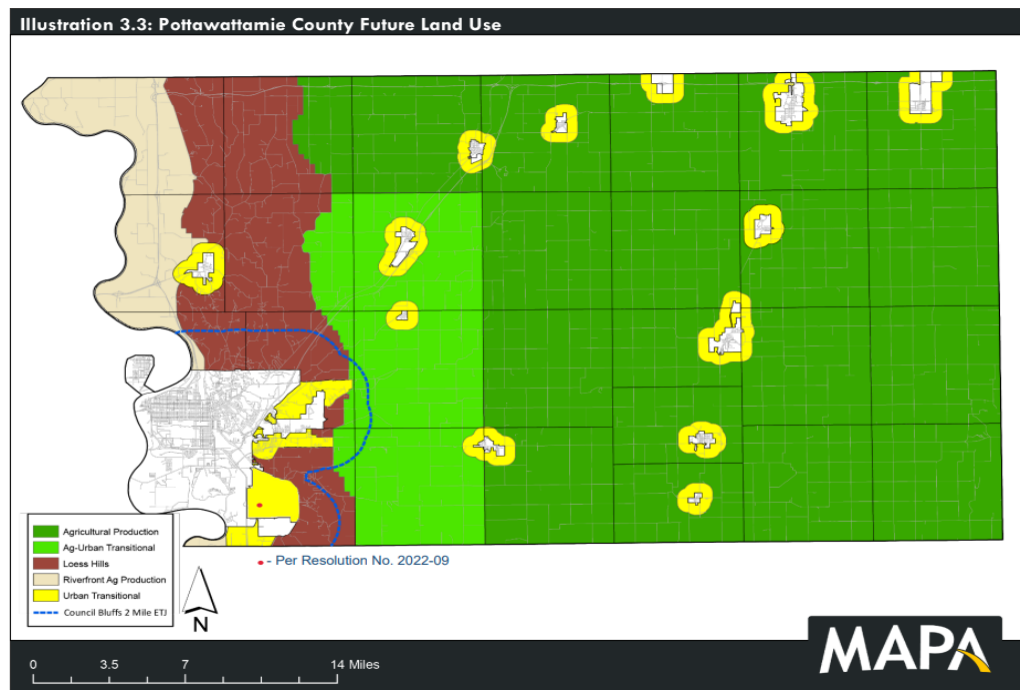

SITE REVIEW:

The parcel is currently ag ground with two outbuildings and a grain bin. The property owners also own the parcel immediately adjacent to subject property. Their home and outbuilding are on that parcel.

LAND USE PLAN:

This proposed Zoning Map Amendment aligns with the Comprehensive and Land Use.

RIVER FRONT AND LOW LYING AGRICULTURAL PRODUCTION AREAS

The first and most restrictive region included in the Future Land Use Plan analysis, is the River Front and Low Lying Agricultural Production Areas. This area extends from the Missouri River east to the western boarder of the Loess Hills region. The River Front region is most notable for its association with the low-lying bottomlands of the Missouri River floodplain. This region contains very fertile soils for the production of row crops and is generally void of non-farm dwellings. The nature of the mostly flat lands has attracted the Interstate 29 and 680 corridors with their associated commercial uses at the interstate interchanges. Generally, given the fact that large portions of this region are included in the floodplain of the Missouri River, very few areas are capable of sustaining development.

FLOOD HAZARD: The Flood Insurance Study prepared by the Federal Emergency Management Agency for the County designates in the Flood Insurance Rate Maps that some of the property is in a Zone AE- Areas of 1% annual chance of flooding and some is in an Area with a .2% annual chance of flooding. The applicants do not intend to construct any new buildings on the property.

COMMISSION

RECOMMENDATION: On April 15, 2024 the Planning Commission conducted their public hearing on this request and made the following recommendation:

Motion: to recommend that the request of Charles and Rosanne Newcomb, as filed under Case #ZMA-2024-02, be **approved by the Board of Supervisors**.

Motion by: Leaders.

Second by: Silkworth.

Vote: Ayes –Larson, Leaders, Silkworth, Schultz. Motion Carried.

POTTAWATTAMIE COUNTY, IOWA
URBAN RENEWAL PLAN
2024 RMP HOUSING URBAN RENEWAL AREA

I. INTRODUCTION

Chapter 403 of the Code of Iowa authorizes counties to establish areas within certain boundaries known as “urban renewal areas,” and to exercise special powers within these areas. In order to facilitate the use of urban renewal for economic development, in 1985, the Iowa General Assembly amended Chapter 403 to authorize boards of supervisors to create “economic development” areas. An economic development urban renewal area may be any area of a county which has been designated by the board of supervisors as an area which is appropriate for commercial, industrial and/or residential housing enterprises and in which the county seeks to encourage further development.

As an additional expression of the role for local governments in private economic development, the General Assembly also enacted Chapter 15A of the Code of Iowa, which declares that economic development is a “public purpose” and authorizes local governments to make grants, loans, guarantees, tax incentives and other financial assistance to private enterprise. The statute defines “economic development” as including public investment involving the creation of new jobs and income or the retention of existing jobs and income that would otherwise be lost.

The process by which an economic development urban renewal area may be created begins with a finding by the board of supervisors that such an area needs to be established within the county. An urban renewal plan is then prepared for the area, which must be consistent with the county’s existing comprehensive or general plan. Certain affected taxing entities must be notified and given an opportunity to comment on the plan. The board of supervisors must hold a public hearing on the urban renewal plan, following which, the board of supervisors may approve the plan.

The Board of Supervisors of Pottawattamie County (the “County”) has determined to establish the 2024 RMP Housing Urban Renewal Area (the “Urban Renewal Area”). This document is intended to serve as the Urban Renewal Plan (the “Plan”) for the Urban Renewal Area and will guide the County in promoting economic growth through the encouragement of commercial, industrial, and residential development in such Urban Renewal Area as detailed herein. This document is an Urban Renewal Plan within the meaning of Chapter 403 of the Code of Iowa and sets out proposed projects and activities within the Urban Renewal Area.

II. DESCRIPTION OF URBAN RENEWAL AREA

A description of all property (the "Property") that has been included within the Urban Renewal Area is attached hereto as Exhibit A.

III. URBAN RENEWAL OBJECTIVES

The primary objectives for the development of the Urban Renewal Area are:

1. To contribute to a diversified, well-balanced local economy by creating job opportunities and strengthening the property tax base.
2. To assist in providing land and resources for new and expanded commercial, industrial and residential development in a manner that is efficient from the standpoint of providing municipal services.
3. To stimulate through public action and commitment, private investment in residential, commercial and industrial development, and to encourage job retention, growth and expansion through the use of various federal, state and local incentives, including tax increment financing.
4. To provide municipal infrastructure, services and facilities that enhance possibilities for economic development and community attractiveness to private enterprise.
5. To help finance the cost of streets, water, sanitary sewer, storm sewer, or other public improvements in support of new residential, commercial and industrial development.
6. To provide a more marketable and attractive investment climate.
7. To provide public facilities to enhance County services and enhance the economic attractiveness of the community.
8. To increase the number of housing units in the County that are safe, attractive and comfortable.
9. To provide assistance for housing on a County-wide basis to families whose incomes are no greater than 80% of the median family income in the County.

IV. URBAN RENEWAL PROJECTS AND ACTIVITIES

The following types of activities are examples of the specific actions which may be undertaken by the County within the Urban Renewal Area:

1. Preparation of plans related to the development and implementation of the Urban Renewal Area and specific urban renewal projects.
2. Construction of public improvements and facilities, including streets, public utilities or other facilities in connection with an urban renewal project.

3. Construction of buildings or specific site improvements such as grading and site preparation activities, access roads and parking, railroad spurs, fencing, utility connections, and related activities.

4. Acquisition, preparation and disposition of property for development and/or redevelopment.

5. Making available, as appropriate, financing for development projects, including conventional municipal borrowing and tax increment financing resulting from increased property values in the Urban Renewal Area.

6. Pursuant to state law, provision of direct financial assistance, including grants, loans and tax increment rebate agreements, to private persons engaged in economic development, in such form and subject to such conditions as may be determined by the Board of Supervisors.

V. SPECIFIC URBAN RENEWAL PROJECTS

The County has determined to undertake the following initiative in the Urban Renewal Area as an economic development urban renewal project:

Name of Project: RMP 87 Development, LLC Housing Development Project

Date of Board Approval of Project: May 14, 2024

Description of the Project: RMP 87 Development, LLC (the “Developer”) is undertaking the development of a residential subdivision (the “Housing Project”) situated on the Property (as described in Section II hereof), including the corresponding construction of public infrastructure (the “Infrastructure Project”). The Infrastructure Project will include the construction of street and storm water management improvements, and the necessary grading, site preparation and landscaping associated therewith. The County will use tax increment financing to support the Developer’s construction of the Infrastructure Project on the Property. The addition of new residential housing in the County will enhance the quality of life in the County thereby resulting in economic growth in the County.

The costs incurred by the County in providing tax increment financing assistance to the Developer will include legal and administrative fees (the “Admin Fees”) in an amount not to exceed \$10,000.

Description of Properties to be Acquired in Connection with the Project: It is not anticipated that the County will acquire real property in connection with the Housing Project.

Description of Use of TIF: The County intends to enter into a development agreement (the “Agreement”) with the Developer with respect to the Infrastructure Project and to provide annual appropriation economic development payments (the “Payments”) to the Developer thereunder. The Payments, in an amount not to exceed \$400,000, will be funded with incremental property tax revenues to be derived from the Property. It is anticipated that the County’s total commitment of incremental property tax revenues with respect to the

Infrastructure Project including the Payments (\$400,000), the Admin Fees and the LMI Set Aside (\$184,560) (as described below) will not exceed \$594,560.

LMI Set Aside: Pursuant to the provisions of Section 403.22 of the Code of Iowa, the County will provide low and moderate income family housing assistance in its area of operation in an amount not less than 46.14% of the incremental property tax revenues applied to the Infrastructure Project.

VI. LAND USE PLAN AND PROPOSED DEVELOPMENT

The County's long range development plans for this Urban Renewal Area are matched to its general plan for development in the County and will be tailored to comply with the overall land use needs. All urban renewal activities within the Urban Renewal Area will be consistent with the County's general land use plans.

VII. TAX INCREMENT FINANCING

In order to promote economic growth in the Urban Renewal Area, the County may be requested to acquire land, construct public improvements or provide economic development loans, grants or other tax incentives for the benefit of private and public enterprises in order to enhance the value of property in the Urban Renewal Area. As part of the Urban Renewal Area, the County has adopted an ordinance to create a tax increment district (the "TIF District"), within which the property taxes eventually paid by new private development may be used to pay costs of urban renewal projects for these types of activities, including reimbursing the County or paying debt service on obligations issued by the County. The use of these tax revenues is known as tax increment financing ("TIF").

Depending upon the date upon which the TIF District is legally established and the date on which debt is initially certified within the TIF District, an original taxable valuation is established for the property within the TIF District, which is known as the "base valuation." The "base valuation" is the assessed value of the taxable property in the TIF District as of January 1 of the calendar year preceding the calendar year in which the County first certifies the amount of any debt payable from TIF revenues to be generated within that TIF District. When the value of the property inside the TIF District increases by virtue of new construction or any other reason, the difference between the base valuation and the new property value is the "tax increment" or "incremental value."

Procedurally, after tax increment debt has been incurred for the financing of improvements within the TIF District or for the payment of economic development incentives to private and public entities, property taxes levied by all local jurisdictions (city, county, school, area college) against the incremental value, with the exception of taxes levied to repay current or future debt incurred by local jurisdictions and the school district instructional support and physical plant and equipment levies, are allocated by state law to the County's tax increment fund rather than to each local jurisdiction. These new tax dollars are then used to pay principal of and interest on any tax increment debt incurred or to pay the costs of projects in the Urban Renewal Area.

VIII. RESIDENTIAL DEVELOPMENT

One of the County's objectives in the Urban Renewal Area is to promote new residential development and the corresponding construction of public infrastructure.

When a County utilizes TIF to support the provision of public infrastructure related to residential development, a percentage of the TIF revenues generated by the project (or other funds of the County) must be used to provide assistance to LMI families

Unless a reduction is approved by the Iowa Economic Development Authority, the percent of incremental revenues used to provide LMI assistance must be at least equal to the percentage of LMI families living in the County. That percentage is currently 46.14%. LMI families are those whose incomes do not exceed 80% of the median county income.

The requirement to provide assistance for LMI housing may be met either by ensuring that at least 46.14% of the units constructed in the area are occupied by families whose incomes are at or below 80% of the median county income, or by setting aside an amount equal to 46.14% of the project costs for LMI housing activities elsewhere in the County.

If funds are set aside, as opposed to constructing affordable housing in the Urban Renewal Area, the type of assistance provided anywhere within the County may include but is not necessarily limited to:

1. Owner/renter-occupied housing rehabilitation.
2. Grants, credits or other direct assistance to LMI families.
3. Homeownership assistance.
4. Tenant-based rental assistance.
5. Down-payment assistance.
6. Mortgage interest buy-down assistance.
7. Infrastructure development for LMI housing.

IX. EFFECTIVE PERIOD

This Urban Renewal Plan will become effective upon its adoption by the Board of Supervisors and will remain in effect until it is repealed by the Board of Supervisors. The collection of incremental property taxes in the Urban Renewal Area will continue for the maximum number of years authorized by Chapter 403 of the Code of Iowa unless otherwise determined by action of the Board of Supervisors.

X. PLAN AMENDMENTS

This Urban Renewal Plan may be amended in accordance with the procedures set forth in Chapter 403 of the Code of Iowa to, for example, change the project boundaries, modify urban renewal objectives or activities, or to carry out any other purposes consistent with Chapter 403 of the Code of Iowa.

Our File No. 513630-4

Dear Pam:

Attached please find two sets of proceedings for use by the Board of Supervisors on May 14, 2024.

The first set of proceedings covers the Board's action in holding a public hearing on the designation of the urban renewal area and adopting a resolution to approve the urban renewal plan for that area.

The second set of proceedings covers the adoption of the tax increment ordinance for the urban renewal area. The proceedings provide for final adoption of the ordinance after its second consideration. The waiver of the third consideration requires the affirmative vote of the majority of the Board of Supervisors.

Once the ordinance has been finally adopted, it must be published and a copy must be filed in your office. Please print extra copies of the ordinance for publishing and filing. Certificates are included in the proceedings to attest to each of those acts.

We will appreciate receiving executed copies of these proceedings as soon as they are available. Please contact John Danos or me if you have any questions.

Kind regards,

Amy Bjork

DEVELOPMENT AGREEMENT

This Agreement is entered into between Pottawattamie County, Iowa (the “County”) and RMP 87 Development, LLC (the “Developer”) as of the ____ day of _____, 2024 (the “Commencement Date”).

WHEREAS, the County has established the 2024 RMP Housing Urban Renewal Area (the “Urban Renewal Area”) and has adopted a tax increment ordinance for the Urban Renewal Area; and

WHEREAS, the Developer owns certain property in the Urban Renewal Area, the legal description of which is set out in Exhibit A hereto (the “Property”), and the Developer has undertaken the development of a residential subdivision (the “Housing Project”) on the Property, including the construction of certain public infrastructure improvements in connection therewith (the “Infrastructure Project”); and

WHEREAS, the Developer has requested that the County provide tax increment financing assistance for the Infrastructure Project; and

WHEREAS, the Iowa Urban Renewal law requires that any project related to housing which receives tax increment financing assistance must also generate funds to be used to provide assistance related to housing for low and moderate income families; and

WHEREAS, Chapter 15A of the Code of Iowa authorizes cities to provide grants, loans, guarantees, tax incentives and other financial assistance to or for the benefit of private persons;

NOW THEREFORE, the parties hereto agree as follows:

A. Developer’s Covenants:

1. Housing Project and Subdivision. The Developer agrees to submit a detailed site plan (the “Site Plan”) for the development of the Housing Project for review and approval by the Board of Supervisors of the County. Upon approval by the Board of Supervisors, the Site Plan shall be attached hereto as Exhibit B. The Developer agrees to construct the Housing Project on the Property in accordance with the Site Plan. Prior to beginning construction of the Housing Project, the Developer will subdivide the Property in accordance with applicable ordinances and regulations. The Developer agrees to cause the completion of at least one (1) of the houses comprising the Housing Project by December 31, 2025.

2. Infrastructure Project Construction and Inspection. The Developer has constructed the Infrastructure Project.

Upon acceptance by the County of the Infrastructure Project in accordance with State of Iowa law and all County regulations, the Developer will deliver to the County either a deed or permanent easement to the improvements and related right-of-way comprising the Infrastructure Project.

The County shall retain all rights to inspect the Infrastructure Project for quality of work and full compliance with all applicable laws, ordinances and regulations. Nothing in this subsection shall be interpreted as limiting the County's rights to not accept the work if the Infrastructure Project has not been completed to the satisfaction of the County.

3. Infrastructure Project Costs Documentation. The Developer agrees to provide documentation (the "Costs Documentation") detailing the costs (the "Infrastructure Costs") incurred in the completion of the Infrastructure Project. Such Infrastructure Costs may include only costs related to the construction of street and storm water drainage improvements (the "Street and Storm Water Drainage Improvements") completed in connection with the construction of the Infrastructure Project. The Infrastructure Costs shall not include such costs as are incurred in the completion of the Housing Project.

The Costs Documentation will be accompanied by invoices, and such other documentation as is reasonably requested by the County, confirming that the Infrastructure Costs detailed in such Costs Documentation were in fact incurred in the installation of the Street and Storm Water Drainage Improvements and that such Infrastructure Costs are of an amount reasonably to have been expected with respect to such installation. The Developer will include a cover page in the form attached hereto as Exhibit C with its submittal of the Costs Documentation.

4. Property Tax Payment Certification. The Developer agrees to certify to the County by no later than October 15 of each year during the Term (as hereinafter defined), commencing October 15, 2026, an amount (each, a "Developer's Estimate") equal to the estimated Incremental Property Tax Revenues (as hereinafter defined) anticipated to be paid in the fiscal year immediately following such certification with respect to the taxable valuation of the Property.

In submitting each such Developer's Estimate, the Developer will complete and submit the worksheet (the "Worksheet") attached hereto as Exhibit D. Each Developer's Estimate shall be divided into two figures: (1) 46.14% shall be designated as the "LMI Amount" (see Section B.5 below); and (2) 53.86% shall be designated as the "Projected Payment Amount." The County reserves the right to review and request revisions to each such Developer's Estimate to ensure the accuracy of the figures submitted.

For purposes of this Agreement, Incremental Property Tax Revenues are calculated by: (1) determining the consolidated property tax levy (county, school, etc.) then in effect with respect to taxation of the Property; (2) subtracting (a) the debt service levies of all taxing jurisdictions, (b) the school district instructional support and physical plant and equipment levies and (c) any other levies which may be exempted from such calculation by action of the Iowa General Assembly; (3) multiplying the resulting modified consolidated levy rate times any incremental growth in the taxable valuation of the Property, as shown on the property tax rolls of Pottawattamie County, above and beyond that the Base Valuation (as hereinafter defined); and (4) deducting any property tax credits which shall be available with respect to the incremental valuation of the Property.

The Developer agrees that the taxable base valuation (the “Base Valuation”) of the Property for purposes of calculating Incremental Property Tax Revenues under Section 403.19 of the Code of Iowa and this Agreement shall be the taxable valuation of the Property shown on the County’s tax rolls as of January 1, 2025.

Upon request, the County staff shall provide reasonable assistance to the Developer in completing the worksheet(s) required under this Section A.4.

5. Events of Default.

a. Events of Default. The following shall be “Events of Default” under this Agreement, and the term “Event of Default” shall mean, whenever it is used in this Agreement (unless otherwise provided), any one or more of the following events:

- i. Failure by the Developer to complete construction of the Housing Project pursuant to the terms and conditions of this Agreement.
- ii. Failure by the Developer to complete construction of the Infrastructure Project in accordance with all State of Iowa and County regulations.
- iii. Failure by the Developer to comply with Sections A.2, A.3 and A.4 of this Agreement.

b. Notice and Remedies. Whenever any Event of Default described in this Agreement occurs, the County shall provide written notice to the Developer describing the cause of the default and the steps that must be taken by the Developer in order to cure the default. The Developer shall have thirty (30) days after receipt of the notice to cure the default or to provide assurances satisfactory to the County that the default will be cured as soon as reasonably possible. If the Developer fails to cure the default or provide assurances, the County shall then have the right to:

- i. Pursue any action available to it, at law or in equity, in order to enforce the terms of this Agreement.
- ii. Withhold the Payments under Section B.2 of this Agreement, such right being additional to the right of annual appropriation as set forth in Section B.3 below.
- iii. Terminate this Agreement.

6. Legal and Administrative Costs. The Developer hereby agrees to pay fifty percent (50%) of the legal fees and administrative costs incurred by the County in connection with the drafting, negotiation and authorization of this Agreement, including the prerequisite amendment to the urban renewal plan, up to an amount not in excess of \$5,000. The Developer agrees to remit payment to the County within 30 days of the submission of reasonable documentation by the County to the Developer evidencing such costs.

B. County's Covenants:

1. Review of Costs Documentation. The County staff will review the Costs Documentation upon receipt from the Developer. If the County determines the costs set forth in the Costs Documentation are costs reasonably incurred in the construction of Street and Storm Water Drainage Improvements, then the County shall record a summary of the date, amount and nature of the costs (the "Accepted Infrastructure Costs") on the Summary of Accepted Infrastructure Costs attached hereto as Exhibit E, and such summary shall be the official record of the Accepted Infrastructure Costs for purposes of tallying the Maximum Payment Total, as defined in Section B.2 of this Agreement.

If the County determines the Infrastructure Costs set forth in the Costs Documentation are not costs reasonably incurred in the construction of the Street and Storm Water Drainage Improvements, the County shall notify the Developer of such determination within fifteen (15) days of such determination in order to allow an opportunity for the Developer to cure the noted deficiencies.

2. Payments. In recognition of the Developer's obligations set out above, the County agrees to make twenty-two (22) semiannual economic development tax increment payments (the "Payments" and, individually, each a "Payment") to the Developer during the Term of this Agreement pursuant to Chapters 15A and 403 of the Code of Iowa, provided however that the aggregate, total amount of the Payments (the "Maximum Payment Total") shall not exceed the lesser of (i) the Accepted Infrastructure Costs, or (ii) \$400,000. All Payments under this Agreement shall be subject to annual appropriation by the Board of Supervisors, as provided hereunder.

The Payments shall not constitute general obligations of the County, but shall be made solely and only from Incremental Property Tax Revenues received by the County from the Pottawattamie County Treasurer attributable to the incremental taxable valuation of the Property.

This Agreement assumes that a portion of the taxable valuation resulting from the Housing Project will go on the property tax rolls as of January 1, 2026. Accordingly, assuming all appropriation determinations are approved affirmatively by the Board of Supervisors under Section B.3 below, Payments will be made on December 1 and June 1 of each fiscal year, beginning December 1, 2027, and continuing through and including June 1, 2038, or until such earlier date upon which total Payments equal to the Maximum Payment Total have been made.

3. Annual Appropriation. The Payments shall be subject to annual appropriation by the Board of Supervisors. Prior to December 1 of each year during the Term (as hereinafter defined), beginning in calendar year 2026, the Board of Supervisors of the County shall consider the question of obligating for appropriation to the funding of the Payments due in the following fiscal year, an amount (the "Appropriated Amount") of Incremental Property Tax Revenues to be collected in the following fiscal year equal to or less than the most recently submitted Developer's Estimate.

In any given fiscal year, if the Board of Supervisors determines to not obligate the then-considered Appropriated Amount, then the County will be under no obligation to fund the

Payments scheduled to become due in the following fiscal year, and the Developer will have no rights whatsoever to compel the County to make such Payments, to seek damages relative thereto or to compel the funding of such Payments in future fiscal years. A determination by the Board of Supervisors to not obligate funds for any particular fiscal year's Payments shall not render this Agreement null and void, and the Developer shall make the next succeeding submission of the Developer's Estimate as called for in Section A.4 above, provided however that no Payment shall be made under this Agreement after June 1, 2038.

4. Payment Amounts. The aggregate Payments to be made in a fiscal year shall not exceed an amount equal to the corresponding Appropriated Amount (for example, for the Payments due on December 1, 2027 and on June 1, 2028, the aggregate maximum amount of such Payments would be determined by the Appropriated Amount determined for certification by December 1, 2026), provided, however, that no Payment shall exceed the amount of Incremental Property Tax Revenues actually received by the County from the Pottawattamie County Treasurer attributable to the taxable incremental valuation of the Property in the six (6) months immediately preceding such Payment's due date minus the then-effective LMI Amount.

5. Low and Moderate Income Set Aside. On each Payment date, the County shall retain from then-accumulated Incremental Property Tax Revenues received with respect to the Property an amount equal to such accumulated Incremental Property Tax Revenues multiplied by the minimum percentage required by Section 403.22 of the Code of Iowa. As of the date of this Agreement, the applicable minimum percentage is 46.14%. At such time that the County has retained Incremental Property Tax Revenues equal to 46.14% of the Maximum Payment Total, the County shall no longer be required to retain the LMI Amount from the Incremental Property Tax Revenues before making the Payments to the Developer.

The funds retained shall be used by the County in the provision of assistance to low and moderate income families, pursuant to Section 403.22 of the Code of Iowa. Pursuant to that certain Joint Agreement between the County and the City of Council Bluffs, Iowa (the "City") dated February 13, 2024, the County has agreed to distribute the LMI Amount to the City to assist the City in paying the costs of undertaking programs to aid low and moderate income families with their housing needs.

6. Certification of Payment Obligation. In any given fiscal year, if the Board of Supervisors determines to obligate the then-considered Appropriated Amount, as set forth in Section B.3 above, then the County Auditor will certify by December 1 of each such year to the Pottawattamie County Auditor (for purposes of Section 403.19 of the Code of Iowa) an amount equal to the most recently obligated Appropriated Amount for the funding of the Payments, plus the corresponding LMI Amount due in the next succeeding fiscal year.

C. Administrative Provisions:

1. Assignment. Neither party shall have the right to cause this Agreement to be amended, assigned, assumed, sold or otherwise transferred without the prior written consent of the other party. However, the County hereby gives its permission that the Developer's rights to receive the Payments hereunder may be assigned by the Developer to a private lender, as security on a credit facility taken in connection with the Housing Project and/or the Infrastructure Project,

without further action on the part of the County. This Agreement is personal to the Developer and shall not run with the Property.

2. **Successors.** This Agreement shall inure to the benefit of and be binding upon the successors and assigns of the parties.

3. **Term.** The term (the “Term”) of this Agreement shall commence on the Commencement Date and end on the date on which the last Payment is made by the County to the Developer under Section B.2 above.

4. **Choice of Law.** This Agreement shall be deemed to be a contract made under the laws of the State of Iowa and for all purposes shall be governed by and construed in accordance with laws of the State of Iowa.

The County and the Developer have caused this Agreement to be signed in their names and on their behalf by their duly authorized officers, all as of the day and date written above.

**AGREEMENT BETWEEN THE POTTAWATTAMIE COUNTY BOARD OF SUPERVISORS AND THE
CONSERVATION DEPARTMENT AND CONSERVATION BOARD FOR THE REPAYMENT OF CAPITAL
IMPROVEMENT LOAN FOR MT. CRESCENT**

This Agreement, made and entered into on this 1st day of June 2024, by and between the Pottawattamie County Board of Supervisors (hereinafter referred to as "the Board of Supervisors" or "County"), and the Conservation Department and Conservation Board of Pottawattamie County (collectively referred to as "the Conservation Entities"), witnessed:

WHEREAS, the Board of Supervisors has lent a sum of Two Million Dollars (\$2,000,000.00) to the Conservation Entities for essential capital improvements at Mt. Crescent aimed at enhancing efficiency, extending the skiing season, and mitigating safety risks; and

WHEREAS, these capital improvements are crucial for the welfare of the staff and patrons of Mt. Crescent, as well as for the economic viability and sustainability of the facility;

WHEREAS, the funds were provided via the County's enterprise fund, Fund 8000 – Crescent Ridge Ski Hill, which operates Mt. Crescent, with the understanding that the County retains ownership of both the park and the funds, while the Conservation Entities are responsible for their management; and

NOW, THEREFORE, in consideration of the following premises and the mutual covenants and agreements hereinafter set forth, the parties hereto agree as follows:

1. Repayment of Loan:

The Conservation Entities acknowledge the receipt of Two Million Dollars (\$2,000,000.00) in 2023 from the Board of Supervisors for capital improvements at Mt. Crescent.

It is acknowledged that Three Hundred Fifty-Two Thousand Five Hundred Seventy-Four and 29/100 Dollars (\$352,574.29) was repaid to the County's general fund for the fiscal year 2022/2023, before Mt. Crescent's management directed through Fund 8000 as an enterprise fund for the fiscal year 2023/2024.

The County will make a final payment to Midwest Mechanical in the amount of One Hundred Twenty-Seven Thousand Eight Hundred Five Dollars (\$127,805.00), from County Fund 19 - the Property Acquisition, Improvement, and Maintenance Fund, to be added to the outstanding loan amount, resulting in a new repayment balance of One Million Seven Hundred Seventy-Five Thousand Two Hundred Thirty 71/100 Dollars (\$1,775,230.71).

\$2,000,000.00 - Loan Amount
- \$352,574.29 - Repayment to General Fund
+ \$127,805.00 - Outstanding payment due to Midwest Mechanical
\$1,775,230.71 – Repayment amount

1. Payment Schedule:

Payments to the County are to be made annually on June 1st, commencing on June 1st, 2025.

The first payment, due on June 1, 2025, will be Twenty-Five Thousand Two Hundred Thirty and 71/100 Dollars (\$25,230.71), leaving a balance of One Million Seven Hundred Fifty Thousand Dollars (\$1,750,000.00).

Starting June 1, 2026, the average annual payment is expected to be Two Hundred Fifty Thousand Dollars (\$250,000.00) to County Fund 19 - the Property Acquisition, Improvement, and Maintenance Fund with the aim of full repayment by June 1, 2032. Annual payments may vary based on profitability, subject to agreement by all parties.

2. Financial Provisions for Mt. Crescent:

Following the June 1st payments, the Payment Schedule will ensure that enterprise Fund 8000 for Mt. Crescent does not fall below Two Hundred Thousand Dollars (\$200,000.00). This fund balance supports employee wages, benefits, and essential maintenance until the next revenue cycle begins in October. The minimum balance of \$200,000 may be adjusted to accommodate future staffing increases or other anticipated financial needs, with adjustments made in cooperation with all involved parties.

It is expected that any changes to this Agreement will be made in consultation with all parties and then formalized in writing. This collaborative approach aims to set clear expectations for both the Board of Supervisors and the Conservation Entities throughout the repayment process.

3. Costs and Funding:

Nearly all costs preceding and including the \$2,000,000 improvements were paid either by federal funding through the American Rescue Plan Act or thru Gaming funds, reflecting the Board of Supervisors' use of resources that mitigated the property tax burden on citizens.

The enterprise fund for Mt. Crescent is intended to be self-sustaining, funded by facility patrons, in alignment with the Board of Supervisors' commitment to providing outdoor recreation opportunities without additional property tax levies.

Insurance for Mt. Crescent will be covered by the County to take advantage of discounted rates through asset bundling, benefiting all involved parties.

IN WITNESS WHEREOF, the parties have executed this Amended Agreement as of the date first above written.
