**911 Addressing**

In 1982, the Polk/Montgomery County Board of Supervisors adopted a Uniform Road Addressing System for courtwide assignment of property addresses. The incorporated towns in the county maintain their own addressing systems. County roads are marked with color-coded signs. Green signs represent public roads, while blue signs represent private roads and named private driveways.

North-South roads are known as streets, and are assigned number designations. East-West roads are known as avenues, and are assigned names. The address numbering begins in the southeast corner of the county with the 1000 block and extends to the northwest corner of the county. Each mile consists of 100 numbers, 50 on either side of the roadway. Addresses are assigned where driveways meet the private or public roads, with even numbers on the North and West sides of the roadway, and odd numbers on the South and East sides.
